Full-time internship: 25 Jan - 23 Apr 2027

PROFILE

Software Engineering student who connects usable interfaces with dependable backend workflows. My work spans released apps, an evidence-based career platform and a bilingual booking journey for a real client.

EDUCATION

Sunway University | Bachelor of Software Engineering (Honours)
Dual-award programme in partnership with Lancaster University

Expected Aug 2027

TECHNICAL SKILLS

Programming: TypeScript, JavaScript, SQL, Dart, HTML, CSS

Web and backend: React, Next.js, Node.js, NestJS, PostgreSQL, Drizzle, Firebase

Testing and tools: Vitest, Playwright, API and browser testing, Git, GitHub Actions

Spoken languages: English (fluent), Arabic (native)

SELECTED PROJECTS

CareerOS | Career profile and publishing platform

Oct 2026 - Present

Next.js, TypeScript, PostgreSQL, Drizzle | Private Google Cloud pilot

- Built connected evidence, review and publishing workflows in Next.js and PostgreSQL, keeping approved public content separate from private working records.
- Added draft review controls for desktop and phone, plus LinkedIn caption and image handoff; edited claims require renewed approval before publication.

WayClub | Group management platform

Aug 2026 - Present

Next.js, NestJS, PostgreSQL | Local implementation; public showcase

- Connected member event discovery and registration with committee meetings, minutes, tasks and handover through Next.js, NestJS and PostgreSQL.
- Implemented configurable publishing policies, committee-only meeting records and immutable approved minutes, with follow-up tasks tied to the original decision.

Bupples | Shared expense app

Feb 2026 - Present

Sole developer | Flutter, Firebase, TypeScript | Released on iOS and Android

- Released iOS and Android clients backed by Firebase, joining receipt review, exact expense allocation, server-validated settlements and subscription entitlements.

CLIENT PROJECT EXPERIENCE

Experts Marine | Client website and booking UX

Oct 2026

Client project | English and Arabic, RTL layouts, responsive web

- Rebuilt a bilingual English/Arabic booking-request journey with package selection, add-on pricing, field validation and deposit summaries while preserving the existing booking system.

LEADERSHIP

Sunway Cybersecurity Club | Digital Marketing Executive

Jan 2026 - Present

- Coordinate event and recruitment content with committee members, translating briefs into graphics, LinkedIn posts and communications for cybersecurity meetups and industry visits.
